From brushes to ladders and everything in between, the ProHayward catalog is a comprehensive guide to all the products needed to assure trouble free pool maintenance and operation.

For all your pool requirements, look to the world leader Hayward Pool Products and the ProHayward product line. Request your catalog today from Hayward/IMG Customer Service.

**New ProHayward
Nicheless LED Light for
Value and Ease to Install**

ProHayward is pleased to announce an updated version of the flat LED light.

Available in a 24W brilliant white version for a traditional pool look or a bright RGB color version with 7 fixed colors and 8 color changing show choices. The RGB version is easily controlled through the on/off switch allowing the pool owner to change the color of the pool and surrounding environment with ease.

With 333 each advanced SMD LED 's the 24 watt performance offers bright lighting with long life performance. Super easy installation brings dramatic changes to any exiting pool or new pool design.

Contact Hayward/IMG Customer Service for further details.

**Choose Hayward's
TriStar™ for Top
Performance and
Features**

Hayward's TriStar™ has the latest advances in heavy duty, high performance pump technology.

Exclusive features include a Tri-Lock lid for easy lid removal without tools, extra strong motor mounting bolts that cannot become damaged on over tightening and advanced impeller design to assure no loss of impellers during reverse flow situations.

TriStar™ offers the most advanced pump features designed with performance and value from the world leader - Hayward Pool Products.

A New Addition to the PSV Diverter Valve Line Up

A new straight check valve has been added to PSV valve line up in sizes 1.5 inch through 2.5 inch.

Hayward diverter valves are manufactured with NSF certification in both PVC and CPVC options.

The diverter valves feature a patented handle design for quick customization of valve ports, easy-dial index handle for convenient flow setting and at-a-glance assessment and full-flow ports for maximum flow rate.

Hayward PSV Diverter Valves are compatible with Hayward's electric valve actuator as well as competitive brand actuators.

Naut Hayward AquaNaut® 200 and 400 Suction Cleaners

AquaNaut 200

AquaNaut® 200 & 400 automatic suction pool cleaners are designed with unique patented technologies to deliver a thorough and reliable clean for pools of different shapes, finishes, flow rates and debris types.

Available in two or four wheel drive models, AquaNaut features patented self-adjusting variable vanes known as V-Flex™ technology. Because the variable vanes automatically adjust to allow for large debris to pass through the cleaner, V-Flex technology delivers maximum power even at lower flow and provides peace of mind, of clog-free cleaning – covering pool floor, walls and steps.

Available for tile pools with special "tape" wheels. Contact Hayward/IMG for further details.
