

HeatPro® HP31204T Heat/Cool Pumps

Hayward® HeatPro® HP31204T Heat/Cool pumps incorporate titanium counter-flow heat exchangers for unrivaled and uncompromising performance -even under the harshest conditions.

Whether the swimmer demands cool, relaxing water on the hottest summer days or wants warm soothing water in the middle of winter, HeatPro® economically maintains the ideal water temperatures at all times.

This advanced design heat pump offers other premium features that include:

- Ultra Gold corrosion-resistant evaporator fins for extreme durability, especially in coastal environments
- Heavy duty, super quiet scroll compressor
- Durable, injection molded, UV resistant body panels that are impervious to rust and deterioration
- Stainless steel hardware
- A polythelene screen to protect the evaporator coil and maintain peak efficiency

With its Titanium Heat Exchanger and Hayward Quiet Technology, HeatPro® heat pumps offer reliability, efficiency and a quiet villa garden too!

Available only in 60-cycle. Contact Hayward/IMG Customer Service for further details.

Choose Hayward's TriStar™ for Top Performance and Features

Hayward's TriStar™ has the latest advances in heavy duty, high performance pump technology.

Exclusive features include a Tri-Lock lid for easy lid removal without tools, extra strong motor mounting bolts that cannot become damaged on over tightening and advanced impeller design to assure no loss of impellers during reverse flow situations.

TriStar™ offers the most advanced pump features designed with performance and value from the world leader - Hayward Pool Products.

An Affordable Choice In Pool Automation

OnCommand® is the most affordable way to automate essential pool and spa functions for new and aftermarket applications.

OnCommand® is a fully featured control for an entry level price which is easy to use and program. The unit features a durable plastic enclosure with a large accessible wiring compartment.

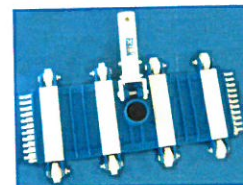

Works with Hayward's Aqua Connect remote pool management platform with apps for iPhone, iPad and Android.

OnCommand® easily automates up to 4 features, 3 valves, 1 heater and solar controls.

Now affordable and simple pool operation and control is available with Hayward's innovative OnCommand®.

Long Lasting ProHayward 14" Vacuum with Side Bristles

The 14" vacuum head with fully enclosed heavy weights keeps the vacuum submerged and hugging the bottom and curves of pool walls.

Side and bottom bristles make cleaning tile pools super easy saving time and energy.

ProHayward Ladders are Totally Hayward

ProHayward ladders are the perfect choice for builders that want to offer a "Totally Hayward" package to their pool customers.

ProHayward ladders are AISI 304 stainless steel in easy-to-grip 43mm diameter tube size and are polished to a mirror-like finish. Each tread features the Hayward logo and each ladder is individually boxed.
