

Hayward Spa Blower – Turbo Charge your Spa Experience

The **Hayward Spa Blower** delivers quiet performance and powerful, soothing bubbles that instantly enhance any spa experience.

A unique motor with replaceable parts extends product life, while a 1-year warranty offers added peace of mind. Available in multiple voltages and horsepower ratings

The full spring check valve prevents water from reaching the motor and a unique rubber motor base provides extremely quiet operation.

With simple installation and maintenance, our Spa Blower will provide maximum relaxation every season along with signature Hayward Jet fittings and heating solutions for a **Totally Hayward Spa Experience**.

Hayward Jet-Air® III Hydrotherapy Fitting

The Jet-Air III system is one fitting that does it all – adjustable, fully directional recessed!

SP1434 VariFlo Jet

You have interchangeable jet nozzles allowing for multiple configuration options to achieve the massage effect you want. Control the water and air flow right at the jet face.

SP1434 VariFlo – Fully adjustable and directional

The swivel ball assembly is fully recessed in the wall fitting and has full regulation at the nozzle.

The Jet-Air III gives high performance action and requires just 10 gpm for efficient operation.

Use the Jet-Air III for hydrotherapy/whirlpool action in both in-ground and above-ground spas.

Deck Jet 500

– Elevate the visual and acoustic appeal of your pool

The **Deck Jet 500** creates an arching stream from the deck to the pool. The flow and direction are simple to adjust without tools.

The Deck Jet 500 features an attractive bronze-coated cover and the industry's only height adjustment mechanism for perfect deck alignment even after settling occurs.

WFJ100 Deck Jet

The Deck Jet 500 can be used in

- » Sun-Shelves
- » Spas
- » Spill Overs
- » Fountains
- » Splash Pads

Multiple jets used together can also help cool the water a few degrees.

PSV Series Valves

Hayward PSV Series check valves and 2 way/3-way diverter valves make water flow management simple and maintenance free.

Hayward valves are manufactured with NSF certification. All components are made of corrosion resistant materials allowing for improved performance over an extended life.

3-way Valve

The diverter valves feature a patented handle for quick customization of valve ports.

PSV Series valves are available in multiple materials, size and port configurations to accommodate most new construction and aftermarket applications

Check Valve

The PSV diverter valves are compatible with Hayward's GVA-24 electric valve actuators that can be used with Hayward automation systems like the OmniLogic®, the OmniHub® and the best-selling AquaSolar® GL-235™ controller.

PROHAYWARD Ladders

ProHayward stainless steel ladders are available in three different models to suit both overflow pools and skimmer pools.

Skimmer Type

Combination Type

The ProHayward ladders are manufactured with "easy-to-grip" 43mm diameter, SS304 tubes. With a mirror like finish, hidden thread bolts and a

mechanically fixed anti-slip pad, the ProHayward ladder has features that are appreciated by builders and users alike.

Overflow Type

Each ladder is conveniently packaged in one box with all the necessary hardware for installation including the anchors, escutcheons and non-scurf rubber bumpers.

Anchor

Escutcheon

Bumper

Each non-slip tread features the famous "H" logo.

Electric Pool Heaters

Coates has been the trusted name for quality and reliability of electric pool water heating equipment since the 1940s and continues to lead the industry in performance. IMG is one of the international distributors for Coates Heaters.

The export model heaters are available from 12kW to 180kW and most can be ordered in single or three phase models.

These medium capacity pool and spa heaters feature a built-in flow switch to prevent operation when there is no water flow.

Heaters for high capacity commercial pool installations, available up to 300kW, incorporate design features that increase service life, dependability and provide ease of servicing.

Corrosion resistant all stainless steel tank surfaces and low watt density Incoloy elements provide long, trouble-free service life.

Coates heaters can be consolidated with US shipments.
