

Coming Soon to Hayward Pool Products

The HydroRite™ UVO₃ system delivers a level of water purity

unmatched by any other swimming pool sanitization method.

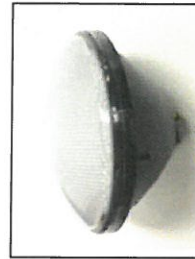

This supplementary system releases a powerful trio of disinfectants - UV, Ozone and Advanced Oxidants—that work together to neutralize more than 99.9% of chlorine-resistant microorganisms.

HydroRite UVO₃ reduces chloramines to eliminate harsh chlorine odors and maximize swimmer comfort. HydroRite UVO₃ also reduces chemical usage by 50% or more for added savings.

HydroRite UVO₃ is a compact design, single vessel and controller for easy installation on new or existing pools.

ProHayward PAR56 LED Lamp Now Available

ProHayward is pleased to announce a 15W, 252 LED lamp in Both RGB and white options.

The lamp body is manufactured of ABS and the lens is of polycarbonate sonic welded to assure leak proof design.

The 252 LED's offer bright lighting with long term

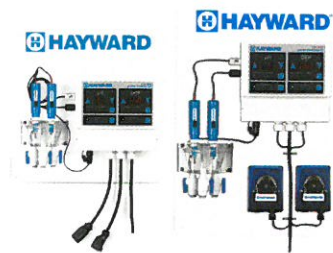

performance. For the RGB version, color changing is through the on/off switch and the white light is suitable for commercial installations preferring traditional lighting.

Easy installation results in dramatic lighting effects and reliable performance with energy savings.

Contact Hayward/IMG Customer Service for further details.

Hayward Versatile HCC 2000 Controllers

The HCC 2000 Controller now comes with three options to meet different pool requirements.

For large size commercial applications the base HCC 2000 can be used with any famous brand of high capacity dosing pumps.

The HCC 2000 Complete Package (HCC2000-CP) comes with on-board Hayward peristaltic pumps that provides up to 31 gallons per day (5 l/h).

For in-between pool sizes, choose the hi-flow version of CP which has a greater output Hayward peristaltic pump that provides a dosing capacity of 113 gallons per day (18 l/h).

Turn Up the Heat With C-Spa Electric Heaters

Hayward electric spa heaters contain all of the sophisticated features and capabilities of heaters twice their size.

All C-SPA models have a 304 stainless steel tank for longer life. The electric heating element also has a 304 stainless steel threaded head and a built-in safety sensor to protect the heater against dry firing.

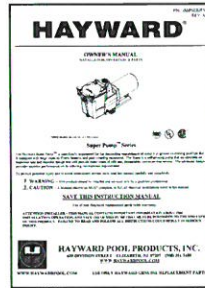

The simple-to-use C-SPA has a dial control temperature setting and "heater on" indicator light.

C-SPA heaters are from the trusted name for performance and dependable quality - Hayward Pool Products.

Hayward Literature and Manuals on Website

The Hayward website is your up-to-date resource to the Hayward Pool Products range of equipment.

In addition to viewing literature on the web, you can easily download product brochures as well as Owner's Manuals.

This is an easy to use resource for your own use and that of your customers. Of course, "hard copies" of literature for all Hayward equipment are still available.

Please see www.Haywardpool.com for immediate access to any literature or manuals you require urgently.

Amerec AK Steam Generator

Amerec AK Steam
Generator

The Amerec AK steam generator uses full power to quickly heat up the steam room to its preset temperature, then cuts power to half its elements. The result is a more consistent flow of soft steam and more stable temperature.

The new Comfort Flo Steam Head gives an improved dispersion pattern that provides even heat throughout the steam room. The steam head's internal Ryton plastic insulator prevents the exterior metal surface from reaching high temperature.

Comfort Flo
Steam Head
