

Liquid Feed System With Easy-Fill Design

15 Gallon Tank with
Dosing Pump

Hayward introduced an innovative Liquid Feed System that offers a reliable and durable solution for automatic acid and liquid chlorine dispensing.

This system consists of a 15 gallon (56.7L) capacity UV resistant tank and low-power fixed output dosing pump.

Hayward makes liquid refill easier than ever employing an upright, convenient design with built-in handles and a spill containment barrier.

Contact Hayward/IMG Customer Service for more information.

Hayward's New Pressure Cleaner Family

Hayward's new TriVac™ is equipped with powerful jets that propel the cleaner easily and efficiently around the pool.

The low friction wheels gently travel the entire interior of your pool as its wide vacuum inlet scoops up dirt and debris.

An advanced sweep hose helps the cleaner cover corners and crevices, while a unique short back-up helps the cleaner exit tight corners.

Available in a bottom/wall version as the TriVac 500 or as a bottom/wall/surface skimming model as the TriVac 700

With the Hayward booster pump and TriVac cleaner, Hayward will have your pool effortlessly clean in no time.

SwimPro™ by Hayward® is the Price Fighting Choice

Hayward recently introduced the value priced SwimPro high rate sand filter range.

SwimPro is manufactured in the United States of rugged, durable, color fast molded polymeric material to assure long life.

SwimPro filters include a US made SP714 multiport valve and an innovative under drain that assures balanced flow to maximize the filter's backwash performance.

Choose SwimPro by Hayward for affordable, dependable and efficient pool filtration.

ProHayward PAR56 LED Lamp Now Available

ProHayward is pleased to announce a 15W, 252 LED lamp in both RGB and white options.

The lamp body is manufactured of ABS and the lens is of polycarbonate sonic welded to assure leak proof design.

The 252 LED's offer bright lighting with long term performance. For the RGB version, color changing is through the on/off switch and the white light is suitable for commercial installations preferring traditional lighting.

Easy installation results in dramatic lighting effects and reliable performance with energy savings.

Contact Hayward/IMG Customer Service Department for further details.

ColorLogic Small Light is Big on Performance and Features

Hayward has added small light fixtures to the ColorLogic lighting family.

The new 160 and 320 lights provide balanced total color distribution to all water environments.

With 10 fixed colors and 7 color-changing shows, the accent light offers total color coordination and perfect synchronization with all Universal ColorLogic lights.

The small light is ideal for dramatic lighting of steps, jets, water features and built-in pool benches. Even out of water lighting of shrubs, trees and landscape features is now possible.

Now with Hayward small lighting you can bring advanced technology to all corners of the pool with dramatic lighting effects.

ProHayward Transformers Available for Immediate Shipment

ProHayward low voltage swimming pool transformers are the preferred transformer around the world.

12V/300W ProHayward Transformer

CE listed ProHayward transformers are designed to provide safe 12 volt electrical supply to underwater lights and low voltage fixtures of all types.

Advanced circuit protection resets automatically. The weatherproof housing features a separate wiring compartment for the fully encapsulated high and low voltage circuits.

Available in 300 & 600W as well as 12, 13 & 14V configurations.

ProHayward transformers complement Hayward lighting choices.
